I was insidiously because friends, when the tax gatherer of St. comes around and takes a list of your property and puts down the amount of taxes you have to pay, you know exactly you are to pay and upon what you have to pay. Not so with these tariff taxes. The who imports goods into the United States the tariff tax before he can take goods out of the custom-house. Of c

OF THE CITY

A SENSATION.

The people are suffering greatly over the Atlantic. It is because of the artificiality of the feeding food. All the nervous, weakly women are suffering. Food is not natural, it is artificial. The feeling is quickened keeps it on a cents worth of the day. It is an artificiality directed nerve food does men no good, for it breaks up the old nerve and overwork, in a few hours and no stimulation action. It is a newly discovered process of pro the food used by two nerves, artificially, for the of giving the nerves a new stimulation. The stomach is not able to digest it for purpose. Overworked people take enormous quantities of it. It contains better medicine than alcohol.

ANOTHER PASTOR CALLED.

Rev. M. F. Albrecht Summoned to the Pulpit of the German Lutheran Church.

The Resignation of Pastor John Schler Accepted with Much Regret.

The Rev. John Schler's probable successor in the pulpit of St. Paul's Lutheran church of this city will be the Rev. M. F. Albrecht, of Lebanon, Dodge county. A meeting of Mr. Schler's congregation was held yesterday, and the matter of his resignation was discussed. Vice-President was thoroughly discussed. Vice-President was thoroughly discussed. Vice-President was thoroughly discussed.

It was finally decided to leave the matter with Mr. Schler. If he saw broader opportunities for work in Milwaukee the church did not feel that they had a right to object. With much regret therefore it was decided that the call to Milwaukee should be accepted. "It will be hard for me to leave Janesville," said Mr. Schler this morning. "This was my first charge and I have been here thirteen years. I had hoped to live and die here, and have put aside calls from Baltimore, Cincinnati and New Orleans for that purpose. In this case, however, there is a church to be established and built up and I do not feel that it would be right to decline."

"Rev. M. F. Albrecht has been elected my successor by a unanimous vote. He is a gentleman about forty years of age, has a high reputation as a scholar, and was considerably talked of for the Milwaukee church. Many of our people heard him preach at the dedication of the Clinton church, and were much pleased. He was born in Chicago and has been in the ministry five years, being stationed at Lebanon, near Waterville, this state. He built up his congregation under very adverse circumstances from fifteen to forty."

Maggie Puzle Killed on the Evansville Trestle Bridge Last Evening.

A Coroner's Jury Investigate the Cause of Her Death.

A fatal accident occurred last evening at about eight o'clock on the trestle bridge on the Evansville cut off just north of the main line switch crossing, by which Maggie Puzle lost her life and Willie Hagney and Helen Smith narrowly escaped with their lives. The body of the unfortunate girl was picked up a few minutes after the accident by Marshal Hogan, Drs. Clark and D. Robinson, and taken to the morgue of Messrs. Kimball & Hall, where it was examined by Drs. Chas. L. Clark and D. Robinson. Inasmuch as a coroner's jury is now investigating the cause of the accident, the Gazette will amplify the material portions of the testimony taken before the jury, which was summoned before Justice Scanlan this morning, and composed of Messrs. John R. Ryan, John C. Spencer, J. W. Bates, Sherman Phelps, Charles Stearns, James Gagen.

Base Ball Extraordinary for Next Wednesday.

The fair grounds will tremble under the tread of opposing giants next Wednesday. The other day George Bates organized a base ball nine among the cigar-makers in F. G. Stevens' factory. Then he issued a challenge. He also went down town with a chip on his shoulder and showed the chip to Frank Webster. It was in the shape of a challenge for a match game between the cigar-makers and oldsters.

"Rats!" said Frank.

"If you think so," was the response.

"Get up a nine and come out."

Consequently a game was arranged for next Wednesday. The playing order of the cigar men is not yet known. The clothing store nine, however, will be as follows:

Catcher, Charles Knoff; pitcher, Frank Webster; first base, Herb Allen; second base, Morris M. Bostwick; third base, Andrew Campbell; short stop, Lou Hamman; right field Steve D. Grubb; center field, Will Holmes; and left field Ed. Smith.

HE MADE HIS DEBUT.

Janesville's Hope Walker Introduced to the Public.

Something over a thousand people gazed expectantly when "Professor Green" started on his trip across the night wire at Pope's Springs yesterday. Not that the undertaking was so desperate as one, either. The wire was well lighted and led only across the inlet where Pope's springs empty into the river. Judging from the depth of the mud the professor would have a soft time even if he fell.

What surprised most of the crowd was that "the professor" was a Janesville boy. They had not recognized in the newspaper announcements of "the world renowned Prof. Charles Green," the assistant foreman at J. E. Green & Co's. plating mill.

It was the professor's first appearance in public, but he stood the test well. He stepped out on the wire cool, went across, then, coming part of the way back, gave an exhibition of fancy walking. Part of the trip was made in a cheese box and part backwards. Then the band struck up again and the performance was over.

Both steamers were crowded to the gunwale, nearly every trip during the day. Everyone going on the Enterprise was obliged to pay ten cents additional for admission to the grounds, but a fair proportion got around this difficulty by climbing the fence. Nevertheless, the managers of the exhibition made enough to fully repay them for their trouble.

DEATH'S SUMMONS.

FREDERICK DETMER.
